EXPERIENCE

Full Stack Web Developer

Freelance / Void Products & Services

📅 02/2020 - Present   📍 Slovakia / Remote

- Used PHP and REST API to develop a custom order management platform for the administrators of an eCommerce website
- Created a custom website from scratch using MVC framework that will be used annually by the HR of a factory to collect form submissions from their employees
- Built a webshop from scratch and started my own business
- Implemented automations, API solutions and utilized AI to reduce the workload of my eCommerce platform

Full Stack Web Developer

Cluster Media Kft

📅 01/2021 - 06/2022   📍 Debrecen

- Developed a WooCommerce extension and streamlined the parcel logistics workflow by automations and REST API solutions for e-commerce websites
- Supported the marketing team by implementing tools based on their specifications and needs
- Integrated REST API solutions for existing eCommerce websites for analytical and sales purposes
- Reached better user experience and search engine ranks by regular technical SEO overviews and fixes
- Created a custom multilingual website from scratch using MVC framework to sell our software products and licenses
- Built a custom content management system for administrators, making future tasks easier
- Implemented subscription based checkout with recurring payments and an API to validate the license keys in the back end

Computer Science

Secondary Vocational School of József Szakkay

📅 09/2015 - 06/2019   📍 Košice, Slovakia

- Technical lyceum (informatics) - Maturita (General Certificate of Secondary Education - A level)

INTERESTS

- </> **Coding**
- 🎥 **Video Editing**
- 🚶 **Nature**
- 📋 **Ethical Hacking**
- 🎤 **Podcasts**
- 🎮 **Games**

MY PHILOSOPHY

To be yourself in a world that is constantly trying to make you something else is the greatest accomplishment.

Ralph Waldo Emerson

SUMMARY

I am a self-taught web developer and proactive creator who enjoys working on both creative and technical challenges. Visit my LinkedIn to learn more about me and my projects.

KEY ACHIEVEMENTS

⚙️ **Increased Efficiency**

Reduced workload by 90% using API solutions and automations.

🚀 **Successful Website Launch**

Created and deployed a custom system used by over 200 employees.

📈 **Optimized Workflow**

Developed fast, efficient websites, scoring close to 100 on PageSpeed Insights.

📈 **Driving Cost-Effective Ads**

Designed ad creatives for campaigns achieving CPC below €0.20.
